The Annual Presidential Report was presented by Michael Kewin. He noted that the Board of Directors is currently evaluating proposals for renovation of the elevators and upgraded landscape service.

Start date for the first phase of the elevator work is anticipated for the first part of next year. This major renovation is expected to result in each elevator being non-operational for approximately three weeks.

Mr. Kewin also reported that Jeffrey French, the Association's attorney, had been approached to help create the revision to the Association's governing documents, with a first draft expected soon after Jan08.

The Annual Financial Report was presented by Ronald Wichner. He reported on operating income and expenses and this fiscal year's cash flow into and out of the Association's reserves. Noting that the Association's income was \$4000 over that budgeted, mainly due to interest, he also reported that repairs, maintenance, insurance premiums, and utilities were under budget. Total assets at year-end FY 2007 were projected to be approximately \$365,000.
